

Circle of  
Security®

All children want to feel loved and safe. The Circle Of Security® parenting program has been developed with decades of evidence on ways to strengthen secure caregiver-child relationships.

The program supports caregivers to provide children with the confidence and freedom to explore their world while feeling a sense of comfort and security. The program assists caregivers to see behaviour as communication rather than a problem. Experienced and trained Circle Of Security® Family Life practitioners will facilitate the group sessions.

**The Circle Of Security® parenting program will help you:**

- Support your child's self esteem
